

PROFESSIONAL INDEMNITY FOR ARCHITECTS

Many architectural practices are currently seeing increases in their PI premiums as the insurance market continues to contract and as fee incomes start to improve. Many traditional insurers are no longer quoting for new business, while others are offering restrictive minimum premiums or uncompetitive quotations.

O'Leary Insurances have been a trusted independent broker to members of the architectural profession for over 30 years. We offer intricate knowledge of the market and our focus is not just on premium but also on comprehensive coverage. We have access to numerous insurers both here in Ireland and in the UK that are quoting competitively for practices of all sizes.

Below are some of the results we achieved for new business enquiries in recent months:

Profession	Result
RIAI practice	Premium increased 28% with incumbent We limited increase to 20%
RIAI practice (claims)	5% reduction against expiring premium
RIAI practice	9% reduction against expiring premium
RIAI practice	Premium increased 40% with incumbent We limited increase to 31%
Architect / surveyor	11% reduction against expiring premium
Architect - multi disciplinary	32% reduction against expiring premium
Architect / Engineer (claims)	25% reduction against expiring premium

PROFESSIONAL INDEMNITY FOR ARCHITECTS

Why O'Leary Insurances?

We are not affiliated with any industry groups which ensures independent advice and no additional costs to pass on to our clients.

We offer:

- ⇒ Knowledge of the most appropriate insurers to meet your requirements
- ⇒ Technical advice around bespoke policy wordings
- ⇒ Quick turnaround on queries such as collateral warranty reviews
- ⇒ Significant claims service expertise
- ⇒ Leverage with insurers – we placed over €100 million of premium across the group clients in 2015
- ⇒ A local presence
- ⇒ The ability to service all insurances (personal and corporate) from one office
- ⇒ Access to a reputable global network for clients with a multinational presence
