

Professional Indemnity for Engineers

We have placed comprehensive PI policies at competitive premiums for engineers for over 30 years. A number of firms in the Engineering sector have moved their Professional Indemnity Insurance to O'Leary Insurances in the past 6 months; below is a small sample of the savings we have obtained for engineering firms of all sizes that have come to us for quotations.

Month	Profession	Result
December	Fire Engineer	28% reduction in premium
January	Mech & Elec Engineer	20% reduction against renewal quote Higher limit of indemnity obtained
March	Consulting Engineer	14% reduction in premium
March	Consulting Engineer	Incumbent insurer increased premiums Last year's premium levels maintained through O'Leary Insurances
April	Consulting Engineer	46% reduction in premium (saving of approx €20,000)
May	Consulting Engineer	24% reduction in premium
May	Consulting Engineer	70% reduction in premium
June	Consulting Engineer	25% reduction in premium
June	Mech & Elec Engineer	Incumbent broker tried to move insurer - OLI appointed Maintained continuity of insurer, 10% reduction in premium

Professional Indemnity for Engineers

Why O'Leary Insurances?

We are not affiliated with any industry groups which ensures independent advice and no additional costs to pass on to our clients.

Our dedicated Financial Specialty team offers:

- Knowledge of the most appropriate insurers to meet your requirements
- Technical advice around bespoke policy wordings
- Quick turnaround on queries such as collateral warranty reviews
- Significant claims service expertise
- Leverage with insurers – we placed over €100 million of premium across the group for clients in 2015.
- A local presence
- The ability to service all insurances (personal and corporate) from one office
- Access to a reputable global network for clients with a multinational presence.
